EMERGENCY STAFF NOTIFICATION

I. PURPOSE:

The purpose of this General Order is to define the responsibilities of police personnel regarding actions and notifications to be taken during emergency situations or when noteworthy actions dictate that the Chief of Police and/or other staff officers be notified. It is the policy of this Department to make proper notification to designated personnel in a variety of emergencies or noteworthy incidents.

II. PROCEDURE:

A. Whenever an emergency or incident described on the notification matrix occurs, notifications will be made as follows:

1. The responding officer will notify the Watch Commander.

2. The Watch Commander shall respond to the scene and assess the situation.

3. The Watch Commander will determine whether additional notifications are required and will:

a. Make the appropriate notifications, or

b. Assign Department personnel to make the appropriate notifications, or

c. Contact Dispatch and advise Dispatch to make the appropriate notifications.

4. The person making the notification shall make note of the time the notification is made and shall advise the Watch Commander when notifications cannot be made.

B. The Chief of Police, Deputy Chief, or the Watch Commander will notify the City Manager in a timely manner when deemed necessary.

C. Since it is impossible to cover all situations on the notification matrix, it is to be used as a guide only. Anytime a Watch Commander feels that another member of this Department needs to be notified of an incident, he/she should make the notification. It is imperative that the Chief of Police, Deputy Chief, City Manager, and City Officials are aware of certain incidents occurring within the City.

III. NOTIFICATION PROCESS:

A. To Notify Personnel On-Duty:

1. Attempt to contact by calling the individual's phone extension. If no contact,

2. Attempt to contact through mobile phone, if available. If no contact,

3. Notify communications to attempt to contact via radio.

B. To Notify Personnel Off-Duty:

1. Call the individual's primary contact phone number. If no contact,

2. Attempt to contact through secondary phone number, if available. If no contact,

3. Recall individual's primary contact phone number.

V. EMERGENCY AND ESSENTIAL OUTSIDE AGENCIES

A. In many emergency situations, assistance from outside agencies may be required. Officers must be aware of this and notify such agencies or persons as are appropriate to the situation.

B. The Olivette Police Department will accept and deliver emergency messages and notifications when and where required under the following conditions:

1. The message involves death, serious injury, missing person, welfare concern or other legitimate law enforcement purpose.

2. When an incident occurs within the geographical boundaries of Olivette and notification requires contact with someone within or outside of our jurisdiction.

3. When another agency requests that this Department make an emergency notification within our jurisdiction:

a. Officers will make notification to another party **only after** the officer has contacted the requesting agency for verification of the request and clarification of the details of the message, **and** the information has been reviewed by a supervisor.

C. Fire Department / Medical Personnel Notifications

1. Upon arrival at the scene of an incident in which injuries, fire hazards, or other hazardous conditions exist which will require the fire department and/or emergency medical service personnel, the responding officer will immediately advise Communications to contact the appropriate agency and provide the following:

a. Location;

b. Type of hazard / incident;

c. Type of injuries, if applicable;

d. Extent of fire and/or hazard, if applicable;

e. Any other pertinent information which will aid in the Fire/EMS response.

2. Communications will in turn immediately dispatch the Olivette Fire Department or other available fire and medical unit as available.

3. If a police report is generated, the reporting officer will document the names of those fire and medical personnel who respond.

D. Street / Highway Department and/or Public Utility Notifications

1. Officers who encounter potential or actual hazards on the roadway that require notification of a public utility will notify Communications and provide the following information:

a. Location;

b. Type of hazard;

c. Nature of response required; and

d. The agency or company that has jurisdiction, if known.

2. Communications will in turn notify the proper street and/or highway department and provide an estimated time of arrival to the reporting officer(s).

E. Tactical Unit Notifications

1. If tactical units or hostage negotiators are required, the on-duty supervisor will make or have made the appropriate Department notifications and obtain authorization from the Chief of Police or his/her designee to request their response.

2. If authorized by the Chief of Police or his/her designee, Communications will contact the appropriate agency and provide to them all pertinent information regarding the circumstances.

a. Communications will then provide the requesting officer with an estimated time of arrival of the tactical unit or hostage negotiator.

F. Medical Examiner Notifications

1. When the need arises to contact the St. Louis County Medical Examiner's Office, officers will obtain authorization from the on-duty supervisor. The officer will then contact the Medical Examiner and explain the circumstances on the incident.

a. The Medical Examiner will ask a series of questions regarding the deceased and determine the action to be taken (e.g., body to remain undisturbed pending further investigation; body to be retrieved by medical examiner for further investigation; body to be released; etc.).

b. Officers will follow the direction of the Medical Examiner.

2. If officers are unable to contact the Medical Examiner's office, they will contact Communications, who will in turn contact the medical examiner's office and relay all pertinent information.

3. Contact with the Medical Examiner will be documented in the police report, if applicable.

This General Order supersedes all prior directives and orders inconsistent therewith.
